Motor Plus The complete motor insurance

Can you imagine life without your car? You depend on it every day to take you wherever you need to go to do whatever you need to do. That might include getting to work, running errands, taking your children to school, visiting friends and family, doing your grocery shopping, traveling in the summer, or millions of other things.

Your car makes your life more convenient, efficient and comfortable. And for that reason, you've probably placed a significant amount of investment into buying and maintaining it.

But, as all of us can verify, driving on our roads is not an easy thing. The average number of accidents where damage is done to automobiles, passengers or pedestrians is quite high.

With such risks involved, it may be time to consider car insurance if you have not already.

By taking this simple step, you can rest assured that you will have the financial support you need if your car is damaged in an accident or if you are a victim of car theft.

You can't predict what tomorrow may bring, but by taking the right step with Allianz Motor Plus, you can at least be prepared.

Motor Plus in brief

Motor Plus is an affordable protection program designed to ensure that your car will be properly secured against accidental damage or theft.

Our Service Centers

Allianz Egypt's officially recognized service centers have been selected based on their reputation for quality of service.

With Motor Plus, you are covered against wide range of accidents and thefts including:

Frequently Asked Questions

How often do I have to pay? How do I pay?

Motor Plus is a twelve-month plan, payable just once a year, with the payment method that suits you.

How do I make a Claim?

Clients who wish to file a claim for damage to their car begins by filling out a standard notification form and either faxing or delivering the completed form to Allianz. Once the repair center has submitted a repair estimation, an Allianz delegate visits the center and approves the repair.

Is there any deduction in the policy?

The client pays the amount shown in the schedule of benefits.

What is your reimbursement policy on repairs?

Clients have the choice of either using our designated service centers, their car dealership or agent, or their own independent service center:

- For clients who use Allianz's designated service centers, the payment for repairs will be settled directly (after deducting any agreed amounts) between Allianz and the center – eliminating the need for you to pay any money and wait for reimbursement.

- For repairs done at your car dealership or agent or at independent service centers, you must pay for the repairs in full and then submit the invoice to Allianz to reimburse the amount.
